## The Best Price-Quality Ratio on the Market

The April 2011 genetic evaluations are characterized by a rolling base adjustment. The Holstein breed improved by 141 LPI points, 2 kg of fat and 1 point in conformation, while the LPI improvements for the colored breeds are 114 points (Jersey), 133 points (Ayrshire) and 78 points (Brown Swiss).

### Windbrook and Lauthority Remain at the Top of the LPI List (2<sup>nd</sup> and 3<sup>rd</sup>)

- **Windbrook**, now ranking 2<sup>nd</sup> in Canada at +17 for conformation, increases his daughter fertility from 94 to 99
- **Lauthority** remains at +17 for conformation and improves his daughter fertility
- **Sid** reaches the top of the list for conformation at +18
- **Jordan** keeps the same profile at 2261 for LPI, +13 for conformation, and is still one of the best available sires, especially for SCS (2.61) and HL (111)
- **Fever** increases his LPI by 110 points and 11 kg F. His SCS lowers to 2.64 while DF improves to 103
- **Reginald** remains at +15 in conformation with the addition of 30 daughters. A fertility choice with his semen at 66% and DF at 103
- **Longtime**, with 16 more daughters, increases his LPI by 84 points and fat by 4 kg with a slight improvement for Health & Fertility
- **Mr Burns**, with 1031 more daughters, increases his LPI by 155 points and DF raises from 94 to 99

### New Sires to Meet Your Needs

#### — Holstein —

Four new young sires show an average of 2030 for LPI, 1657 kg of milk, 62 kg of fat, 54 kg of protein, +11 for conformation and 104 for herd life. At **\$18.71 per 1000 LPI points**, their price-quality ratio is exceptional.

◆ **Premier-Kerndt SAILING** (Goldwyn x Morty)

- 1594 kg of milk combined with high-calibre conformation at +15

- Among the best in the USA for PTAT at 3.33
- 2<sup>nd</sup> on the proof sheet for fat at 88 kg and 1<sup>st</sup> for dairy strength at +17

**Mccol Sailing 6454, USA**

◆ **Dudoc RADIUS** (Shottle x Jolt)

- One of the best Shottle sons in Canada for LPI

- Brings high production yields with 1917 kg M, 61 kg F and 60 kg P
- A health trait specialist

**Robelho Radius Vanille, GP84-2Y**  
Roger Bellavance, Honfleur, QC

◆ **Kerndt-Premier BUTZE** (Goldwyn x Morty)

- As his full brother, Sailing, he combines high production and conformation at 2013 for LPI
- 17<sup>th</sup> for TPI MACE in the USA
- High yields with excellent MS at +11 and dairy strength
- Very high calving ability

**Nith Crest Butze Odalys, GP83-2Y**  
2-5 305 11047 kg 3.5% 3.4%  
(254-238-271) proj.  
Nith Crest Farms Limited, Wellesley, ON

◆ **Delaberge SHOCKER** (Shottle x Durham)

- The best Shottle son for conformation in Canada along with Longtime at +12, the highest for MS at +12 and rumps at +15
- This sire has a production profile that works well with any cow population
- LPI Health & Fertility at 174 points with 2.64 SCS, 102 DF and 106 MSP. Semen fertility at 66%

— **Ayrshire** —

For a second consecutive proof, **Landscape** continues to improve, increasing his LPI to position himself among elite sires of the breed, as well as **Kansas** with a one-point increase for conformation. With the addition of 148 second crop daughters, **Normandin** showed the highest increase among all sires on our proof sheet.

— **Jersey** —

**Dice** ranks at the top of our proof sheet for GLPI at +1694, followed by **Legacy**. **On Time** takes advantage of a slight increase to maintain a well-balanced proof. **Minister** remains our leader for conformation at +12.

Two newly proven Sultan sons were added to our offer in the Jersey breed:

◆ **Bridon SWAT** (Sultan x Remake)

- Best newly proven sire in Canada at +1209 GLPI
- His dam is a full sister to Bridon Comerica
- Excellent mammary systems (+8) with lots of dairy strength (+7)
- Complementary mating on typical daughters of Senior, Blackstone and Legacy

**Larcon Swat Melanie, VG85-2Y**  
2-2 305 8123 kg 4.6% 3.8%  
(299-258-296) proj.  
Neil & Melanie Hunter, Bath, ON

◆ **Hollylane EMBLEM** (Sultan x Jade)

- Exceptional combination of production and conformation
- Outstanding functional traits and semen fertility at 74!
- From four generations of EX cows

— **Brown Swiss** —

**Proud** and **Ferrari** make their debuts!

◆ **HAAB Top-Swiss Prec. PROUD** (Precise x Jetway)

- Proud joins the proof sheet with an exceptional MACE LPI at 1771!

- Sires strong udders being attached high (+7) and very wide behind (+11)
- Currently the most popular sire in Switzerland

**Proud Herta, Switzerland**

◆ **Swiss Fantasy FERRARI** (Dynasty x Prelude)

- **Ferrari** makes his debuts as the best new sire in the breed at 922 LPI!
- 14<sup>th</sup> on the LPI list in Canada
- A complete sire, his daughters are angular (+8) with a nice bone quality (+7)
