

## Winners of the "Be part of the Semex Alliance team"

**Anne Turbide**

Anne Turbide from Val-Brillant and Amanda Lukassen from Huntingdon are the winners of our contest to recruit young people to be part of the staff of The Semex Alliance team during the Royal Winter Fair. This year, we have selected two young people since The Semex Alliance will present not one cow exhibit but two groups with cows from coloured breeds.

With other young people coming from the areas of Gencor, EBI, Westgen and Semex international distributors, Anne and Amanda will take care of the cows on exhibit in the Walk of Fame/Sale of Stars in connection with the Toronto RWF from 2 to 11 November.

**Amanda Lukassen**

Anne Turbide (Ferme Martin Turbide), a 2005 graduate in farm management from the agricultural technical institute (ITA), La Pocatière Campus, and Amanda Lukassen (Lukassen Holsteins), who graduated in farm management in 2007 at Macdonald College, both presently work on the family farm.
